

Sample Student Selected Artifacts

An artifact is anything that is important to you that represents what you have done in your 4 years here at the high school. Below are a few ideas of what you can submit.

You need at least one artifact each year in your CP folder, but they can be replaced with later artifacts. You need to have 4 or more samples of work by the end of your senior year.

Please make sure the name of the artifact, your name, class, teachers name and grade are on the artifact.
